Spirella Corsets fitted in your own home by MISS M. A. NITTINGER, at Smith Building, Phone 99. 1t

EDUCATION PLUS EXPERIENCE

In our prescription department we represent Education plus Experience. Experience of years in most careful analytical chemical study. But experience is but a part of the requirements of perfection, for no experience can be of a high order which is not based on the fundamental facts of a thorough education. Two licensed pharmacists do our work, and in these days a thorough college training is necessary before the State Board of Examiners will issue a license.

Because of facts which we present to the public for their consideration we ask and invite thorough investigation.
